1993-1994
Yearbook

Welcome to the 1994 MBA/MSc yearbook. This year has been full of momentous events. The MBA programme celebrated its twenty-fifth anniversary; another Awards of Distinction luncheon was successfully staged; Concordia hosted an expanded International Case Competition; the old lounge furniture was finally disposed of; and, of course, there were many fabulous parties along the way. Most importantly, 1994 was the final university year for many brilliant people (a couple of whom actually found jobs). This book will pay homage to the people and happenings of 1993-94. Enjoy.

CASE COMPETITION

Concordia's 13th annual MBA International Case Competition, held at Le Centre Sheraton, was another great success. Twelve foreign schools joined eighteen Canadian business schools for the five day event. John, Beth and Darren did an outstanding job with the largest competition to date. Our own Concordia team (Andreas, Dominique, Doreen, Mike and Jill) made us proud by advancing to the semi-finals.
